The Elvevoll Tracks 3-18 km

Starting at Elvevoll there are four outing options: Langdalen 3,5 km, Borri 8 km, Elvevolldalen 3 km, and Stálloborri 10,5 km. In the valleys of Elvevolldalen and Langdalen it is easy to traverse to higher areas. By Skáidi, between the two valleys, there is a rest area with shelter. If you fancy a longer and steeper outing, take a loop by the cache at Borri (692 MASL). If you go all the way up to Stálloborri (1080 MASL) you will be rewarded with a fantastic view. All four destinations have a cache.

You will find the rest area on the way to Elvevolldalen valley, as well as signs with information about local culture. The paths are facilitated with planking and bridges to keep your feet dry.
