Trail description

Exit at Indre Malangseidet and drive to the parking at the end of the road. A signpost at the gate points onto the service road into the forest. Skogsbua is visible after a couple of kilometres and offers the opportunity for a break with a good view. The path continues down to the shore where you turn right. After a while some exciting old house foundations appear. From here you can adjust your gaze upwards over the steady steep slope to the top. At the peak, you can enjoy a view of many beautiful mountains. In the north-east are many peaks above one thousand meters. The road to Skogsbua is wheelchair accessible
